**STATEMENT OF LEGAL AND FACTUAL BASIS**  
**Administrative Amendment**

East Tennessee Natural Gas Company  
State Route 654, McClure, Dickenson County, Virginia  
Permit No. SWRO11046  
Effective Date: September 7, 2001  
Expiration Date: September 7, 2006

As required by 40 CFR Part 70 and 9 VAC 5 Chapter 80, East Tennessee Natural Gas Company has applied for an administrative amendment to the Title V Operating Permit for its natural gas compressor facility. The Department has reviewed the application and has prepared an administrative amendment to the Title V Operating Permit.

## **REQUESTED AMENDMENT**

On August 23, 2005, the Southwest Regional Office received a request from East Tennessee Natural Gas Company for an administrative amendment to their Title V operating permit for their natural gas compressor facility located on State Route 654 in Dickenson County, Virginia.

## **REASON FOR AMENDMENT**

The request is for a change in the “Responsible Official/Contact Person” name in the Title V operating permit. The company submitted necessary information to document the new responsible official name to Fulkra J. Mason and the contact person to Sabino Gomez.

## **APPLICABILITY OF 9 VAC 5-80-200**

Administrative permit amendment procedures are required for and limited to the following:

1. Correction of typographical or any other error, defect or irregularity which does not substantially affect the permit.

This item is not applicable to the amendment request.

2. Identification of a change in the name, address, or phone number of any person identified in the permit, or of a similar minor administrative change at the source.

The amendment does pertain to a change in the name, address, or phone number of any person identified in the permit, or to a similar minor administrative change at the source.

3. Requirement for more frequent monitoring or reporting by the permittee.

The amendment does not pertain to more frequent monitoring or reporting.

4. Change in ownership or operational control of a source where the board determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittee has been submitted to the board and the requirements of 9 VAC 5-80-160 have been fulfilled.

The amendment does not pertain to a change in ownership or operational control of the source.

5. Incorporation into the permit of the requirements of permits issued under the new source review program when the new source review program meets (i) procedural requirements substantially equivalent to the requirements of 9 VAC 5-80-270 and 9 VAC 5-80-290 that would be applicable to the change if it were subject to review as a permit modification, and (ii)

compliance requirements substantially equivalent to those contained in 9 VAC 5-80-110.

The amendment does not pertain to the incorporation of requirements of permits issued under the new source review program.

6. Change in the enforceability status from state-only requirements to federally enforceable requirements for provisions that have been approved through rulemaking by the administrator to be part of the implementation plan.

The amendment does not change the enforceability status from state-only requirements to federally enforceable requirements for provisions that have been approved through rulemaking by the administrator to be part of the implementation plan.

## **CHANGES TO TITLE V OPERATING PERMIT**

The names of the new Responsible Official/Contact Person will be incorporated into the Title V permit. As required by 9 VAC 5-80-200 A.2, the revision will be designated in the permit amendment as having been made pursuant to 9 VAC 5-80-200.

## **PUBLIC PARTICIPATION**

As required by 9 VAC 5-80-200 B.2, administrative amendments shall be incorporated into the permit without providing notice to the public or affected states. Therefore, a public notice is not required.

As required by 9 VAC 5-80-200 B.3, a copy of the revised permit will be submitted to the United States Environmental Protection Agency.
